

A more energy efficient home, at no cost.

You don't have to choose between comfort and saving energy. Through the Energy Assistance for Savings & Efficiency (EASE) program, income-eligible Georgia Power customers can apply for **free, energy-efficiency home improvements**. From improved attic insulation to smart thermostats that can help manage your home's temperature, energy efficiency improvements can help you save energy and money.

Program Eligibility

- You must be a Georgia Power residential customer.
- Your household income meets the requirements.¹

Your total household income must be equal to or below the numbers in the chart in order to qualify for program participation.

Household Size	1	2	3	4	5	6	7	8
Annual Income	\$31,300	\$42,300	\$53,300	\$64,300	\$75,300	\$86,300	\$97,300	\$108,300
Monthly Income	\$2,608	\$3,525	\$4,442	\$5,358	\$6,275	\$7,192	\$8,108	\$9,025

Add \$11,000 for each additional person per year to the annual income of \$108,300 to calculate the annual income maximum for household sizes over 8.

¹ Georgia Power uses 200% of Federal Poverty Guidelines in determining the income requirement.

Energy Efficiency Home Improvements

Depending on your home assessment, you could qualify for the following energy-saving improvements and more:

-  Improved attic insulation
-  Air sealing of gaps, cracks & leaks
-  Sealing of heating & air conditioning delivery ducts
-  LED light bulbs
-  Smart, Wi-Fi thermostats
-  Heating & air system service
-  Installation of electric water heater blankets

How it Works

- Step 1:** Review program eligibility requirements.
- Step 2:** Apply online or call us for assistance.
- Step 3:** If approved for the program, a Georgia Power Energy Efficiency Assessor will conduct an in-home assessment.
- Step 4:** A designated program contractor will make qualified energy-efficiency improvements to your home, at no cost to you.
